- According to point 9 of the Record (CDE – Quito 2006), the CNs agreed to deepen the actions aimed at greater involvement of the social organizations and towns in the territories of each Integration and Development Hub.

Participation

Participation 2007

- According to the actions that the different CNs have been carrying out since 2006 or that plan to carry out during 2007, which activities must be deepened?
- Would it be interesting for the countries to offer participation workshops focused according to groups of projects in relation to the period: 2007/2008?
- In which of these activities could the CCT support the CN?

Outreach and Participation
